

The Four Elements: Student Activity Sheet

Name: _____

Date: _____

Part 1: Potato, Rock, Silver

Your teacher will present three different natural objects: a potato, a rock, and a piece of silver. For each, analyze the four elements that might make them up. Record your analysis in the table below.

Natural Objects	Water	Fire	Air	Earth
Potato				
Rock				
Silver				

Part 2: Other Natural Objects

Think of three different natural objects. For each, analyze the four elements that might make them up. Record your analysis in the table below.

Natural Thing	Water	Fire	Air	Earth
